Parent-Student-School Learning Compact
2022-2023

Schoolwide Title I Program

Braymer C-4 Elementary has become a schoolwide title school. This means that all Braymer elementary students have the opportunity to receive supplemental services provided by the Title I teacher if adequate progress is not being made in the classroom. Participation in the Title I services may be based on annual test scores and/or formative assessment data from the classroom. The classroom teacher will meet with the Title I teacher regularly to discuss and determine student needs. The staff will work together to address areas of deficiency in essential outcomes appropriate for each grade level.

As partners in education the students, parents, and school staff agree to work together to improve student academic achievement.
